Mining in Tanzania: Effects of the mining legal framework overhaul

24 August 2020

In 2017, drastic and sudden changes affected the mining sector in mainland Tanzania.

Mining in Tanzania: Effects of the mining legal framework overhaul

11 August 2020

In 2017, drastic and sudden changes affected the mining sector in mainland Tanzania. The Parliament of Tanzania, in a bid to protect the country's natural resources and the employment opportunities for its citizens, passed a series of legislations in July 2017 aimed towards achieving these objectives.

COVID-19 in Tanzania: Is it time for lenders to be counted?

16 April 2020

The coverage of this pandemic by the global and local media clearly indicates the economic problems ahead not only for individuals but also for businesses at large. This calls for a reflection of the effect of this pandemic on the financial sector in Tanzania given the current global and local environment.
