 [LinkedIn profile](#)

Farai Nyabereka is a Partner at Manokore Attorneys, working across various Corporate practice groups, specifically Regulatory & Compliance, Projects & Infrastructure and Mining & Energy.

Farai has extensive experience dealing with regulatory issues across different sectors and has a keen understanding of the legislative and regulatory implications (ranging from investment licensing requirements, exchange control approvals to local empowerment laws) in respect of investments in Zimbabwe. She is experienced in providing corporate structuring advice for a variety of local and international clients. She also regularly advises clients on compliance mechanisms within their respective sectors.

Emerging mining trends in resource nationalization in Southern Africa

11 August 2020

Africa is still a frontier market, and this has often presented a unique opportunity for governments in African countries to create legal frameworks that attract sustainable investment. But Africa has always written its own rules. This has never been more apparent than in the governance structures of Africa's major pulling factor – natural resources.

Preparing your business to attract finance

15 February 2019

As Zimbabwe opens for business, local companies will be looking to attract investment into their businesses in the form of equity or capital.

Zimbabwe's current investment outlook

6 August 2018

The ease of doing business reforms embarked upon by the Government of Zimbabwe in 2016 were intended to have the resultant effect of significantly altering the current investment landscape in Zimbabwe.

A new era for Zimbabwe?

16 March 2018

The Minister of Finance and Economic Development in his 2018 National Budget Speech titled "A New Economic Order" first announced the proposed amendments to the Indigenisation and Economic Empowerment Act.
