 [LinkedIn profile](#)

Mouhamed Kebe advises on corporate and investment transactions in sub-Saharan Africa.

With extensive experience supporting clients in emerging markets in Africa, Mouhamed advises on major projects in the infrastructure, energy and natural resources sectors. He has acted on a number of landmark development transactions in the region. Mouhamed oversees commercial transactions, including joint ventures, corporate restructuring and project finance.

Mouhamed's practice also includes international and investment arbitration. He is a member to the Panel of Arbitrators for the International Centre for Settlement of Investment Disputes, a chartered arbitrator with the OHADA Court of Arbitration, a member of the Arbitration Court of the ICC and a member of the China International Economic and Trade Arbitration Commission (CIETAC).

GENI & KEBE recognised among leading law firms in Chambers rankings

18 February 2025

GENI & KEBE was recognised as an excellent market leader in Chambers & Partner's 2025 global legal rankings

Mouhamed Kebe featured in international arbitration textbook

25 June 2024

Managing Partner Mouhamed Kebe was several world-renowned academics and practitioners featured in an international arbitration textbook. In his contribution, Kebe explores the new trends in the extractive industries, some of the most important industries on the continent, and how these trends have resulted in a more hybrid, supranational system of law resolving investment-related disputes.

[Resolving infrastructure and energy disputes in sub-Saharan Africa](#)

13 June 2024

Africa has the world's lowest use per capita of modern energy. The need for infrastructure buildings and projects are higher than in any other region in the world, and therefore the energy and infrastructure sectors are of paramount importance given their key role for economic and social growth.

[Chad receives electric energy guidance](#)

13 May 2024

Geni & Kebe recently assisted Chad with implementing the country's law relating to the Electric Energy Sector.
